

## Next Steps

### Extropy Institute Membership

#### Why become a member of Extropy Institute?

Your membership in and support for Extropy Institute will increase the positive and practical efforts in developing transhumanist ideas and encouraging others to learn about ways to help make the future a better place. You will be part of the ongoing effort to spread transhumanism, and to develop projects such as the Proactionary Principle, *Best of the List*, *The World's Most Dangerous Idea*, Extropy (ExI) Campus, Summits and upcoming conferences and meetings.

Dear future member,

Joining Extropy Institute may be one of the most positive and beneficial commitments you will make in your lifetime. By becoming a member of ExI, you are making a commitment to help bring about a better future for yourself, those you care about, and the world as a whole.

Extropy Institute will provide you with the most up-to-date information about social, technological, environmental, economics, and business oriented trends for the future. You will be able to access ExI's resources and discuss the future with other members. You will enjoy the knowledge tools that ExI uses and become informed and skilled in dealing with pros and cons of rapid technological change.

Most importantly, you will also meet terrific people from all over the world and have ample opportunity to work on collaborative projects. A favored benefit of being a member of ExI is enjoying the friendship of so many people who think about the future and who are challenging to each other.

We thank you for supporting Extropy Institute and joining our efforts in building a future full of possibilities.

Welcome!
